My dearest Eileen,

Still more snaps for our album. Also, you have seen them all before. You must be tired receiving so many snaps and photographs, but this will be the last lot for a long time, as I have exhausted the local places of interest and have "snapped" them all for you.

Do you know how much I love you and how I long to see you again? You are still my idol and you are still in your pedestal. You have all my love and you have all of me - and yet that is nothing compared to what I want to give you. I just live for you and for our great day, may it come soon. How happy we shall be when it really does come and we meet again for the first time after so many years. This thought will keep us alive during

These days of separation and waiting. Thank God we still have each other's letters and that they are all reaching their destination safely. No matter what may happen to the world we shall always have each other even though we may be apart. I feel that I could conquer the world with your love to guide me. There is nothing else in life that I want - only your love, Helen; I need you, my dearest, and I could not face life without you. We shall continue to pray to God and His Blessed Mother to shower down their blessings on us and our marriage. Our joint prayers have been answered so far and surely they will always be. My father's words always echo in my ear "Francis, you can get anything with prayer".

I write to you every day, Helen; I think of you all day long and I never miss you in my prayers. I shall always love you as I do now and I shall always belong to you and you alone.

Ever yours loving
Frank.
