My dearest Eileen,

This is not a letter and so I am again sorry to disappoint you. It is merely a picture story of my journey through Malaya last month. It was 500 miles of beautiful country and I shall never forget this trip. Would you please put it in a special place in our Album.

You know how much I love you, don't you my dearest? It is with my all I love you and nothing less will ever be good enough. I belong to you, Eileen; I always have and I always shall. The only change that this awful waiting can ever bring is to make me love you more and more.

May God bless you and keep you safe. We shall meet again soon.

Your loving,
Frank.
