Malaya,
July 31st.

My dearest Eileen,

Here are the snaps at long last! They are not very good but that is my fault. You may find the picture album of Hyderabad very interesting. Don't you think I am very lucky to have seen all this beauty? I hope and pray that this parcel will reach you safely - it may arrive in time for your birthday!

I love you, Eileen, more than ever before and I shall always love you. We shall meet soon again. Please God and we shall be the happiest couple in all the world.

May God bless you, my darling, and keep you safe from all harm.

All my love,
Frank.
